In these times every housewife should know Jiffy-Jell. It means rich, fruity desserts, instantly made, without the addition of sugar.

It means supreme desserts, without the use of flour or sugar, at half the cost of pastry.

It means a way to serve fresh fruit, mixed in jell, to save many ounces of sugar.

It means zesty salads made with vegetable left-overs, and jellied meat loaves made with scraps. All delightful products.

Sugar is needed now for canning. Your supply is restricted. Wastes must be utilized, flour must be conserved. So we make these offers to let every woman see how Jiffy-Jell can serve her.

We urge you, for your own sake, to learn how folks enjoy it.

Jiffy-Jell

For Quick, Fruity Desserts and Salads

Fruit-Juice Flavors Sealed in Glass

No Sugar Need Be Added

Economical Desserts Salads From Left-Overs Meat or Chicken Scraps in Aspic Jelly

Jiffy-Jell is the only product which serves these uses well. It is the only gelatine dainty with true-fruit flavors, highly concentrated, sealed in glass vials.

These bottled flavors do not lose their freshness. They give to Jiffy-Jell a wealth of fresh-fruit taste. Thus Jiffy-Jell desserts and salads taste like fruit-made dainties.

You make Jiffy-Jell by simply adding boiling water, then the flavor from the vial. One package makes dessert for six. If you whip the jell it serves twelve.

To serve fresh fruit, preserved fruit or pastry for six requires 8 to 12 ounces of sugar. Pastry requires flour in addition. The average cost is at least twice the cost of Jiffy-Jell.

Or you can mix fresh fruit in Jiffy-Jell, without adding sugar, and have a double-fruit dessert.

With Lime or Mint Jiffy-Jell you can make delicious salads, zesty and green. Use left-overs in cooked vegetables. Or use fresh vegetables.

Mix in meat scraps with these flavors and you have a jellied meat loaf. This is a delightful way to save waste.

Millions now use Jiffy-Jell as a conservation dainty. They get fruity desserts and salads of the finest sort, at trifling cost, without using sugar or flour.

We want you to know what it means to you. See how it differs from old-style gelatine products. Buy two packages to try, then send us the coupon, and we will send you molds worth more than you pay for Jiffy-Jell.

Accept this offer, for it means a test at really no cost at all.
